Creative Review is the world's leading monthly magazine for advertising, design and visual culture, and the same high-quality journalism that informs it carries through to its website, which features a range of news, reviews and features from the creative world.

Design Week was the UK's leading design magazine until 2011, when it became online-only. It continues to bring you high quality, well-written news and inspiration across graphics, branding, interiors, digital, product, furniture and more.

Eye magazine is a quarterly print magazine on graphic design and visual culture. The magazine and its associated blog features a range of critical, informed writing about design and visual culture.

**CREATIVE INDUSTRIES**

In this video Olivia will discuss the wide range of careers in the creative industry sector, and will also debunk the myth that pursuing a creative career is unrealistic and unattainable. The session will finish with recommendations on how to access these creative careers via education and work experience
