General Information

Cambridge Level 3 Diplomas are largely coursework based qualifications which take an engaging, practical approach to learning and assessment. Industry-relevant and geared to key sector requirements, these vocationally related qualifications are increasingly popular and suit a range of learning styles.

Cambridge Level 3 Diplomas are most suited if you want to go into a particular vocation, or to move onto university. Cambridge Diplomas at Level 3 earn UCAS points like any A Levels.

The course is offered as a single or double programme. The single programme is equivalent to one A Level, while the double programme is equivalent to 2 A Levels. It is expected that QE students will commit to the 2 year course.

Useful / common subject combinations

The Cambridge Diploma can be taken in combination with most other Advanced Level subjects. Complementary subjects include IT, Travel and Tourism, English, Geography, Psychology, PE.
