abdz.

Abduzeedo is a collective of individual writers sharing articles about architecture, design, photography and user experience design (UX). Founded as a blog in 2006, it has grown to become a digital publication with several writers from all over the world.

Brand New

Under Consideration is a graphic design firm generating its own projects, initiatives and content. Its Brand New blog is known for chronicling, and providing opinions on corporate and brand identity work.

deMilked

Demilked trawls the Internet for the best, most vibrant sources of inspiration in the areas of art, design and photography. The website showcases new ideas and new angles of artwork to encourage illustrators and designers to take on their most outrageous ideas.
